Dear Fellow Rotarian:

## CLASSIFICATION

Membership classification is important to assure that membership in every Rotary club is highly diversified. New members are chosen from all fields of endeavor. The particular employment represented by a person is that person's classification.

Through the classification system it is contemplated that at least one worthy representative of every recognized vocation and profession will be a member. This diversity lessening the likelihood at any single profession or business may dominate the affairs of the club.

Rotary provides the opportunities for fellowship and service. Commercialism, through any talk or deed within the club is not acceptable behavior.

Every field of activity is treated in the club on the basis of equality of others. Rotary is concerned with the betterment of the individual, his/her business, craft, home and community. Remember that you are the representative of your profession.

If Rotary is to contribute to lifting the standards and ethics of business and professional practice, we must promote acquaintanceship, good will and friendliness among people. We can do this by insisting on members representing different vocations, thus adding to the richness and diversity of our club.

Yours, In the Spirit of Rotary

Robert A. Sheehan Sr.
